Education

BE in Artificial Intelligence and Machine Learning

Jyothy Institute of Technology
CGPA: 8.84/ 10

Expected Graduation: 2028

Technical Skills

Languages: Python, Java, JavaScript, HTML, CSS

Web Development: Django, WordPress, Responsive Web Design

Databases: MySQL, MongoDB

Tools: Git, GitHub, VS Code

Projects

BlindBit – Privacy-Preserving Encrypted File Vault

Django, Python, AES-GCM, HMAC, SQLite

- Developed a privacy-preserving file storage system implementing Symmetric Searchable Encryption (SSE) to allow keyword search over encrypted data.
- Designed secure cryptographic workflows using AES-GCM encryption, HKDF key derivation, and HMAC tokens.
- Implemented 2FA (TOTP) authentication and Google OAuth login to enhance system security.
- Enabled encrypted file storage, secure sharing, and searchable indexes without exposing plaintext data..

Pranathi 2k26 Event Registration Platform

HTML5, Tailwind CSS, JavaScript, Django, SQLite

- Built a full-stack event registration platform for the college flagship event Pranathi 2k26.
- Developed a responsive frontend using Tailwind CSS and modern UI design.
- Implemented backend functionality using Django to manage event registrations.
- Integrated SQLite database for storing participant information.

AI Chatbot with Vector Database

Python, HTML, JavaScript, NLP

- Developed an AI chatbot capable of answering user queries using natural language interaction.
- Implemented NLP based query processing for understanding user inputs.
- Integrated vector database for semantic search and improved response accuracy.
- Built a web interface for real-time chat interaction.

Additional Projects

College Website Development and Maintenance

WordPress

- Developed and maintained the official college website using WordPress, managing content updates and site functionality.
- Ensured website performance, usability, and regular updates for students and faculty.
- Website: jitblr.in

Personal Portfolio Website

HTML, CSS, JavaScript

- Built a responsive portfolio website to showcase projects, skills, and GitHub repositories.
- Designed modern UI with interactive elements and mobile-friendly layout.
- Live Site: <https://jp2209.netlify.app/>
